PERMATA FURNI

With more than two decades of excellence, Permata Furni is Indonesia's premier destination for world-class custom and wholesale furniture. We harmonize artisanal craftsmanship with advanced modern machinery, crafting eco-friendly materials into luxurious and long-lasting masterpieces.

Global trust in our standards is proven through solid partnerships with over 10 international companies and an export reach spanning more than 20 countries. This ensures that each of our products brings joy and stands the test of time.

As a comprehensive commitment, every masterpiece that leaves our factory is protected by a high quality packaging system, guaranteeing that the safety and perfection of the furniture remain intact until it reaches you, anywhere in the world.

OUR COMMITMENT TO SUSTAINABILITY SVLK CERTIFICATION

At Permata Furni, we believe that high-quality furniture is born not only from beautiful design but also from a deep responsibility towards nature and the law. We are exceptionally proud to be backed by SVLK certification.

SVLK (Timber Legality Verification System)

Absolute Guarantee of Legality Rooted in Indonesia, we strictly comply with the highest forestry legal standards. The SVLK certification is an absolute guarantee that every piece of wood we use is legally harvested, processed, and traded. It is our pledge of complete transparency, ensuring that zero illegal logging enters our supply chain.

Ecologically appropriate

We guarantee the origin of our wood, ensuring the maintenance of biodiversity, preserving productivity, and respecting the forest ecosystems. Our furniture comes from sustainably managed forests.

Socially beneficial

This initiative raises awareness among local communities and motivates an entire generation to protect natural resources so that long-term benefits can be enjoyed by all. We prioritize social well-being.

Economically viable

Forestry operations are managed responsibly, without generating financial profit at the expense of the forest resource, the ecosystem, or surrounding communities.

Permata Furni is truly proud to offer you this dual-certified furniture. These highly demanding labels guarantee that our products are fully traceable—from the lush forests all the way to your home.

We work enthusiastically for an ethic that has become our core motto. That is why Permata Furni commits to stand by your side, offering collections of furniture that are safe, legal, and responsible. Our ambition? To continuously deliver the highest standards across all our wooden furniture ranges, whether it is raw solid teak or recycled teak.

For the earth, and so the journey continues...

TABLES

Each piece in this collection is masterfully crafted from reclaimed teak, salvaged from traditional structures and aged naturally over decades. By choosing recycled timber, we preserve the wood's unique character featuring original grain patterns and rustic textures while promoting environmental sustainability. These pieces are not just furniture; they are timeless stories of history and resilience, reimagined for the modern home.

SOFA & CHAIRS

Designed to seamlessly complement our tables, every chair in this collection marries ergonomic comfort with the rugged elegance of reclaimed teak. Expertly fashioned from the same historically rich, salvaged timbers, each seat showcases the wood's distinctive grain and natural patina. Beyond offering a sturdy and inviting place to gather, these chairs serve as functional works of art—bringing sustainable craftsmanship and a warm, heritage feel to any dining space.

Please note that due to the natural characteristics of wood, the color, pattern, grain, and fillings of each product will never be exactly the same. Therefore, the photos in this catalog serve as general representations and design references, not as an absolute standard for the final product you will receive. For accurate results, let's discuss product samples together.
